Top price for this week was paid on Veal's floor Tuesday morning when one basket brought \$34.00.

ALMO RALLIES TO BEAT TIGERS HERE

Fast North County Team Nets 12
Points in Final Period
To Win, 21-14

After leading 9 to 4 at the end of the half and 10 to nine and the conclusion of the third period, the Murray Tiger quintet crumbled in the last period here Tuesday night and lost to the speedy Almo five, 21 to 14. The game was attended by a large crowd in the college gymnasium and much interest was manifested in the game as both are regarded as having among the fastest high school teams in western Kentucky. Murray had previously won six straight and the visitors had captured 13 out of 14 tilts.

Both teams seemed over-anxious and did not play their best. Hurt, of Almo, was high point with 9, five of them being free tosses. Treathan, visiting center, counted eight points, all of them in the last half. Captain Doran, of the Tigers, looped seven points and "Red" Lewis played a sterling game at guard for the home boys.

The lineup:
Murray Pos. Almo
Doran (7) F Hurt (9)
Chambers F Calhoun (2)
C. Doran (4) C Treathan (8)
Lewis (3) G Schroeder (2)
McCaslin G Holland
Subs: Almo—Daugherty for Holland.

Damage Is Done Here By Strong Wind Friday

Roofs were torn out, many minor objects outside were blown away and damage done to telephone and light wires in the tail end of the storm which swept through western Kentucky Friday.

Calloway suffered comparatively slight with the neighboring counties of Graves and Marshall. In the latter a farmer and his wife were penned in the tobacco barn when it gave away to the wind's pressure and another woman escaped possible loss of her life by being at her neighbor's when her home was demolished.

SERIOUS INJURY IS ESCAPED IN CRASH

Charles Evans, Baby; Others Shocked. Scratched When Car Collide Wednesday.

An auto accident three miles east of Murray on the Eggers' Ferry Highway Wednesday afternoon about four o'clock came near resulting in the death of two people and serious injury to three others. The fact that not even any bones were broken is regarded by those who experienced the accident as nothing short of a miracle. Paddy Workman, wife and baby of Route 6, Murray and Mr. and Mrs. Chas. Evans also of Murray were returning from the Dumas Scott funeral at Elm Grove. All five people were riding in Mr. Workman's new Chevrolet six which was just delivered to him last Tuesday.

According to reports given a representative of the Ledger and Times a load of hay was being driven west on the Highway and Mr. E. W. Hall of Paducah in his Essex coach was going east, and both autos and the load of hay met at the same place. Mr. Hall, it is reported, was driving at a high rate of speed to reach the bedside of his father who is critically ill, and in turning to pass between Mr. Workman's car and the load of hay struck the Workman car about the center wrecking both cars. All occupants of the Chevrolet were thrown from their seats and cut and bruised by the severe impact.

A passing auto rushed the injured to the Mason Hospital where it was found that Mr. Evans and baby Workman were the worst injured. Several stitches had to be taken in the babies head to close a bad scalp wound. Mr. Evans had several bad cuts on his head and it was at first thought he suffered internal injuries. Mr. Workman had a severe scalp wound and Mrs. Evans was cut on the head and face in several places. Mrs. Workman was only slightly bruised from the shock. As far as could be learned neither Mr. Hall nor the lady passenger with him were injured.

The injured were given treatment at the hospital and returned to their respective homes. The Farmer Pardon Motor Co. under John Farmer went out to the scene of the accident and brought Mr. Workman's car to the repair shop. Benjamin & Parker wrecking crew brought in Mr. Hall's car to their garage. Both cars are reported badly damaged.

W. B. Gilbert Is Much Improved From Illness

Many friends of W. B. Gilbert will be glad to learn that he was much improved Thursday morning after a week's critical illness of blood poisoning. Mr. Gilbert is being treated at the Keys-Houston clinic.

Though he is still unconscious and not yet out of danger his temperature was normal and his pulse down to 100 Thursday morning and hopes are high for his recovery unless a blood clot should form.

A small scratch on the hand became infected and led to the blood poisoning.

ALMO TO PLAY LACENTER

Almo will play the strong Lacenter five at Almo Saturday night. As a prelude the Almo seconds will clash with Faxon.

Bernard Johnston, who has been in Detroit several months, is visiting his parents, Mr. and Mrs. B. D. Johnston. He will leave next week to re-enter the University of Kentucky at Lexington.

The Lexington Board of Commerce is conducting a campaign to make Fayette county and the immediate surrounding territory the leading dairy center of the South.

CRAWFORD-HALE IS INCLUDED IN NEW MERGER OF CHAINS

Williams, Comer, Crawford-Gatlin
Interests Will Have Nashville
Headquarters.

LOCAL FIRM WILL RETAIN
SAME NAME AND IDENTITY

An important announcement of a pooling of buying resources affecting the Crawford-Hale store, of Murray, is made this week by Vernon Hale, part owner and manager of the store. Eighteen stores in West Kentucky and West Tennessee are included in a chain which has a large and definite expansion program. The Crawford-Hale store, which has been a part of the Crawford-Gatlin chain of seven stores for some time, will retain its present name and identity, however, Mr. Hale announces.

The new organization, which will also be known as the Crawford-Gatlin stores adds the John N. Williams and Guy Comer stores in the eastern part of this section and several additional stores will be established during 1929 with definite plans for further extension, Mr. Hale said.

A wholesale department and main office will be established in Nashville, Tenn., and M. G. Crawford, of Paducah, for many years a large factor in the mercantile business in this section, will be in charge there with John N. Williams, of Elkton, as merchandise manager. The chief aim of the organization, Mr. Hale asserted, is to increase the buying power and each of the stores affected expect to sell the same qualities they now handle at lower prices and better qualities for the same prices.

MRS. MAUD WALL IS PNEUMONIA VICTIM

Husband, Three Daughters, Two
Brothers Survive Murray
Matron.

Mrs. Maud Wall, a well known and popular matron of the city, died at her home following a ten days illness of pneumonia. Besides her husband, W. K. Wall, she leaves three daughters, Patsy, Emma and Eva Wall and two brothers, C. F. and H. E. Hopson. She was a faithful member of the Methodist church.

Funeral services were conducted by Rev. L. L. Jones at Potters-town Saturday and the remains were laid to rest in the Bonner cemetery.

Normal Co-Ed Quintet Is Beaten By Union U.

Playing their first game since the school was founded, the girl net five of the college was beaten here Friday evening by the lasses from Union University, Jackson, by the score of 20 to 17.

Miss Carrie Allison, their able coach has excellent material and the girls are far from novices at the game, having several high school stars on the team's roster.

The game was nick-and-tuck affair with Murray tying and momentarily gaining the lead in the last half after ending the first period 9 to 4 behind.

After meeting the U. T. Juniors here Friday night the girls will play Logan College and the West Tenn. Teachers.

MR. AND MRS. DICK LEAVE TO MAKE HOME IN PARIS

Mr. and Mrs. Kelly Dick have moved their furniture to the residence of Mrs. Dick's parents, Mr. and Mrs. Dellon Pardon. Mr. Dick has purchased a Drug Store in Paris, Tenn., where he is engaged. Mrs. Dick will continue to be a member of the High School faculty the rest of the year and they will move to Paris in the summer.

They have many friends in Murray who regret to see them leave but who wish them well in their new home.

Plans for a brick and steel building costing approximately \$35,000 have been filed at the office of the Louisville Building Inspector by the Lane Tire Products Co. It is said the Louisville plant will be one of the largest maintained by the company in the South.

Milk Plant Is Growing; Price Here Tops Others

BUTTER FAT WORTH
2c POUND MORE HERE

Murray Milk Plant Paying Higher
Price than Neighboring
Tennessee Stations.

Calloway farmers in the dairy business will be pleased to learn that their local market for milk, the Murray Milk Products, is paying two cents more a pound for butterfat than the plants of the Borden and Carnation companies in Tennessee. The price here is 50 cents a pound while in the Lewis, Fayetteville, Columbia and Shelbyville, Tennessee plants of the Borden company and the Murphysboro plant of the Carnation company, only 58 cents is being paid. Dairymen are paid according to the butterfat test of their milk.

MRS. M'CUISTON IS SUMMONED TUESDAY

Beloved Matron Is Victim of
Pneumonia at Home of
Daughter.

Mrs. Jennie McQuiston, one of Murray's exemplary women, succumbed Tuesday at the home of her daughter, Mrs. Albert Smith, on south Fourth street of pneumonia. Mrs. McQuiston was a devoted member of the Methodist Church. She is also survived by one son, James Stubblefield, of Detroit. Funeral services were conducted Wednesday by Rev. L. L. Jones at New Concord and the body was laid to rest in the New Concord cemetery.

Tiger Athletes Honored for Scholastic Standing

James Bishop, of Murray and Perry Grimes, of the county, have received gold keys and certificates of membership from the Kentucky high school association for athletes making grades higher than the average for their school.

The rewards were offered by the association to encourage scholastic standing among high school athletes. Both young Grimes and young Bishop are star members of the high school football and basketball squads.

DUMAS SCOTT, 63, CALLED BY DTATH

Dumas Scott, 63 years old, a well known farmer of the county, died Monday at his home east of town of pneumonia. Mr. Scott was a member of the Baptist church and one of the county's best citizens.

He is survived by his widow, two daughters, Mrs. Opeby and Mrs. Harkins and two sons.

Funeral services were conducted Wednesday by Elder J. H. Thurman at Elm Grove church and burial was in the Elm Grove cemetery.

Funeral and burial services were held at Mount Pleasant Monday afternoon.

Miss Mildred Graves has recovered from an attack of flu at the home of her parents, Mr. and Mrs. Graves.

W. P. Grissom has been appointed local representative for the Reynolds Ruckling Co. of Union City, Tenn.

FARMERS EXPRESS HIGH SATISFACTION WITH MILK PROJECT

Started With 353 Delivering; 600
Now Selling Milk at Murray's
New Industry.

BAD ROADS IN COUNTY ARE PROVING SOME HANDICAP

Despite the fact that it has been operating less than a month, the Murray Milk Products Company has made most auspicious start since it began to receive milk here only three weeks ago last Wednesday. At the beginning 353 farmers delivered milk while today the number of customers is at the six hundred mark, according to officials of the plant, and is growing rapidly.

Almost universal satisfaction with the plant is being expressed by the county's milk producers. Both price and service at the plant have been eminently satisfactory from all viewpoints, so far as it has been able to gather.

Cheeks were mailed Tuesday to all who had delivered milk and according to Field Agent G. B. Scott they will be mailed out every fifteen days.

Bad roads through some parts of the county have been proving quite a considerable handicap during the past week and on two routes the drivers have been forced to use wagons for the past week, driving them between 25 and 30 miles a day each. One of the trucks also got stuck the first of the week and was a day late in delivering its cargo.

The plant now employs a total of 33 men, including the truck drivers, which amounts to a considerable payroll.

TEACHERS CAPTURE TWO, LOSE ONE TILT

Thoroughbreds, Girls Each Play Tennessee Juniors Here Friday Night.

Winning two games out of three on their recent southern trip, the Teachers basketball five returned to Murray Sunday afternoon after engaging the Tennessee Juniors at Martin, West Tennessee at Memphis and the Delta Teachers at Cleveland, Mississippi. The Thoroughbreds defeated the Juniors 39-37, lost to West Tennessee 29-21 and trimmed the Mississippians 50-26.

The trip gives the locals four games won and one lost and leaves them well up in the race for the Mississippi Valley Conference Championship. Bethel was defeated in two games here before the trip. West Tennessee is leading in the race with no defeats.

Murray's work Friday night when she lost to the conference leaders was far below par and the locals have high hopes of taking the Memphis in camp at the next clash.

Both the Thoroughbreds and the girls team will play here Friday night, each engaging the Tennessee Juniors from Martin.

Those making the recent trip were Coach Cutchin; Captain Jim Miller, Bill Smith, T. R. Graham, John Miller, Auburn Wells, Harlan Brodie, Hugh May, Hal Houston and Dwight Norman.

MISS STEWART, FORTRESS, IS HEARD BY STUDENTS

Miss Anita Bird Stewart, internationally famed as a composer of children and nature poems, was heard here Wednesday and Thursday morning by students at the College. Wednesday morning, Miss Stewart spoke to the college students and recited several of her compositions on children. Thursday morning she appeared before the training school and spoke on "Unknown France" also giving some of her poems.

Miss Stewart was at one time a member of the Paducah schools faculty. She has a splendid personality both off and on the platform and her lectures here were much enjoyed.

She was accompanied here Wednesday by Mrs. Elliott C. Mitchell and Thursday by Mrs. Hubbard and Rabbi Harry Richmond, all of Paducah. Rabbi Richmond will appear at the college Friday morning, February 8.

Our 1929 Money

It will soon be time to turn off our plant beds. Spring is not very far off. It is assumed that a large number of farmers in this section will raise their usual amount of tobacco.

Those of us who have to get our money from our crops must now give serious consideration to where our 1929 money is coming from.

It is hoped that every farmer this year will plan to get his money from more than one crop. This point is now being stressed by every farm journal of any consequence in America. We are aware that it is not the duty of a newspaper to tell farmers what they ought to do. It is our place to pass on that which comes to us from various sources. But so much is being said today about the one-crop system and a crop failure leaving farmers without money, that we believe it is wisdom to urge that several crops be planted which will bring financial returns. In case one fails another may not and in case of success of both the farmer is that much ahead.

Almost every farmer in this section of Kentucky is at this time of the year short of corn. Western Kentucky had a bad year for corn last season. A short corn crop means two things to farmers. First he must look elsewhere than his crop for seed and second he must provide something to tide over until corn makes again. Crops planted as early as possible will help out wonderfully. If quick work is done after oats are cut, soy beans or cow peas can be planted and at least fairly good hay expected in the fall even if the season is cut short by another early frost.

In planning our crops this year every farmer in this section should keep in mind that Murray now has a milk station and plenty of cow feed should be raised. The dairy business in Calloway County is certain to come rapidly to the front. Demands for all kinds of pea hay, and soy bean hay will be above the average. Milk now affords a steady, cash income to farmers and to our

way of thinking this presents one of the most encouraging outlooks to farmers in the Murray district.

In talking with a well informed cotton man the other day, he urged that Calloway County farmers give more attention to raising cotton. The boll weevil has not entered this section yet. The expense of raising cotton is therefore, less in northern sections of the cotton belt. Murray is very fortunate to have a good cotton gin and there is always a market for cotton and every indication is that cotton will bring a good price next fall.

In planning for our 1929 money let's not overlook sweet potatoes. We believe there is money in this crop. Sweet potatoes are a comparatively easy crop to raise and the returns are usually good. With several good potato houses around Murray in which to store potatoes, Calloway farmers ought to take more advantage of this crop. It is our candid opinion that whenever enough sweet potatoes are raised to ship in our legions, Calloway County can get as good prices as other farmers in adjoining counties.

Tobacco, cotton, sweet potatoes and dairying, these four money crops now demand our careful study. We have the soil and we now have the markets. It certainly seems that the money outlook for 1929 is more hopeful. But now is the time to lay our plans. Now is the time to look about for the best seed which can be purchased. Our teams and our harness ought to be gotten in shape, our plows and other implements should be put in good repair. It is the man who is ready and hustles when the season opens, who hustles during plowing, planting, cultivating and harvesting that gets ahead. He must continue to hustle until his crops are turned into money. Our 1929 money is in sight and it will be the man who hustles who will get his share.

Charity For The Deserving

One of the most potent arguments that the world is getting better is the increasing sum it spends for north-while charities. The more civilized we become the more we harken to the cry of the unfortunate and the need of the forlorn.

One of the most deserving of our state's charities is the Kentucky

Children's Home, at Lyndon, which is now asking funds throughout the commonwealth for the retirement of its \$70,000 indebtedness and this week is pursuing a drive in Calloway county for our share of the goal.

This home takes children not eligible for church and lodge institutions of similar kind. Most of them are orphans of both parents and friends. Without this institution they would be utterly homeless; cast by society into the world with the opportunities for achieving either success, health or character denied them.

It actually pays society in dollars and cents to take care of its unfortunate. And especially to give homeless and destitute children a chance to be an aid instead of a burden to the world.

This is one occasion when we should all dig deep and assist generously in this worthy work.

Dexter

Mr. and Mrs. Mae Mizell had as their guest over the week-end, Mrs. J. M. Jackson, from Fort Thomas, Ky.

Mrs. and Mrs. Jones Moore, are confined to their home with flu.

Mrs. Burnett Jones spent Saturday and Sunday night in Paducah visiting her father, J. C. Harris who is ill of flu, also her brother-in-law who is injured recently.

Mrs. Hattie Smith of Detroit was a visitor in the home of Mrs. Jennie Copeland Monday evening.

JUST JOTS

By "JOE"

It's good to get away from the "greasy wind" for a few days and mix with the fellows of the craft. Especially when they're as good and come all fellows as we do.

Pat Wilson tells us about all the "firsts" that Perry Thornton did at the milk plant. Pretty neat looks as if it hadn't been for Perry we wouldn't have had the milk plant at all.

Hats off to our doctors! They have worked like Trojans during the flu and pneumonia epidemic and have gone many times we know, when they really should have been in bed. Doctors deserve the good things of life for their ceaseless service to soften the pains of humanity.

Here's a world and world of thanks to all those who helped make the Milk Plant edition. Naturally without our supporters there couldn't have been two pages of the number, much less 20. But, we are glad to say, every man who bought space in it got his money's worth.

Some little child wants you to help find it a home, "give 'till it hurts" in the drive this week for the Kentucky Children's Home Society.

No, the meeting of the Kentucky Press Association had nothing to do with the excess amount of wind aloose in the state Friday.

Some wiseacre said he had rather be lucky and rich than handsome and smart; it's better, too, to be dumb and have friends than to be brilliant and have nothing but enemies.

Governor Sampson is to make a survey of "honesty" throughout the nation. We wonder if a long political experience has led the governor to doubt that there is any more. Anyhow, one in politics is in a good position to get cynical about the matter.

CORRECTION

In the advertisement in the Ledger & Times of last week, concerning the Push Flour demonstration at Fain & Butterworth's on Fourth Monday, it was erroneously stated one place in the advertisement that the demonstration would be Saturday, January 28. The correct date is Monday, January 28, Fourth Monday.

The correct location of the Fain & Butterworth store is on the southwest corner of the court square, not the southeast corner.

COTTON NOTICE

We will be open each Friday thru January and the 1st and 2nd of Feb. Then will close for this season—MURRAY COTTON CO.

Cleaver should have been mentioned on the list of home influence as he certainly did his part in this constructive work.

There will be other interesting dialogues on program. Come and be with us. Everybody invited.

Kirksey High School

(Wildor F. Paige)

School attendance is once again practically normal. A few are yet confined to their homes convalescing from influenza and we hope to have them back with us in a short time. Reports have been made out for the second semester and many of them remind us that we have plenty of room for improvement in our classes during the next semester.

On last Friday morning Miss Martha Chester and her pupils of the Intermediate Department rendered a very delightful program. The Chapel hour was made a period of pleasure and profit from the variety of songs, recitations, and stunts which were presented by these splendid students and their teacher.

Many of the students attended Quarterly meeting which was held at the Methodist Church on Sunday and report having enjoyed the splendid message delivered by Rev. Pritchard, and a bounteous feast at the noon hour. A special feature of the day's services was the music rendered by the Kirksey Quartette. The community is proud of this quartette and it seems to be getting better and better all the time.

The Basketball Boys gave the Murray Tigers a tough chase for their prey on Friday night when they forced to be content with only a 19-16 victory. Both teams displayed good teamwork and sportsmanship throughout the game. On Saturday night the Blue and White smothered the Training School of the Teachers College by a score of 25 to 4.

One of the best games of the season is expected on the Kirksey Gym, Jan. 25, at 7:30 when the local quintette will meet the strong New Concord basketball team. Both first and second team will play. Both teams are in splendid condition and are expected to put up a hard scrap in the contest.

The Kirksey team is beginning special practice looking forward to entry into the County tournament. Coach Potts has been able to develop a team which has consistently improved with each game of the season in spite of being handicapped by small and light material, and the fact that several of the squad were playing their first year.

The debaters of the school are preparing to meet Lynn Grote on Jan. 25th. The question has already been debated with Murray and Hazel and lends itself to interesting application. In each of these debates, Graynell Watson was substituted for Wm. Frank Peterson Jr., on account of illness of the latter. Miss Watson acquitted herself creditably an won favorable comment on both occasions.

Mr. Peterson is a splendid debater and it is hoped that he will be able to resume his place on the team for the next debate. The other members for entries into the various contests to be held under the auspices of the Kentucky Inter-Scholastic League about the middle of March: The school expects to be able to make a splendid showing.

The Lincoln, Columbus, and Lindbergh Literary Societies have resumed their regular meetings on Thursday morning of each week.

Mother!

Clean Child's Bowels

"California Fig Syrup" is Dependable Laxative for Sick Children

Hurry M. there! A teaspoonful of "California Fig Syrup" now will sweeten the stomach and thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, bilious, constipated or full of cold, children love its pleasant taste. It never cramps or overacts. Contains no narcotics or soothing drugs. Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation.

Visitors are always welcome. These society programs are always enjoyable and helpful and full of pep.

Prof. S. E. Wraether of the Agricultural Department is getting out a letter is regularly published each month and sent to the Farmers of our section. The publication is done under the auspices of the Agricultural classes of the school and is proving very profitable.

Warn Against Feeling Of Optimism Over Flu

Although the influenza epidemic is subsiding in Kentucky, the public has been warned by the State Board of Health against a feeling of too much optimism. Precautionary and

preventive measures should be rigidly maintained to prevent re-infections or renewed intensity of the flu wave, which has frequently occurred in the past.

The peak of the epidemic locally was reached a week ago and health authorities account for a great number of deaths, due indirectly to flu and pneumonia. In the majority of the cases the victims were elderly persons.

The Kentucky Highway Department reports completion during 1928 of 1,016 miles of roads and 14 highway bridges. Construction work is in progress in 100 counties, it is said. A Washington dispatch says Kentucky will receive \$1,417,634 as Federal aid for roads in the fiscal year beginning next July.

HAVE you had it? Are you going to have it? What are you doing to prevent it?

Everybody is asking these questions just now.

Doctors say to keep out of crowds; be cheerful; eat good food; get plenty of sleep; keep the bowels open.

At the first sign of constipation, take a dose of Theodor's BLACK-DRAUGHT.

At the first sign of Flu, that is, when you begin to have a little temperature and feel like you are taking cold, go to bed and call your doctor. You can not cure the Flu on your feet.

Prevention, as everyone knows, is better than cure. One of the best ways to prevent catching a cold which might develop into the Flu, is to keep your system free from impurities by using Theodor's

LETTER TO EDITOR

SOWING AND REAPING

By Fleetwood B. Rogers

"Whatever a man soweth, that shall he also reap." (Gal. 6:7)
This is a very familiar text of scripture, one that it literally true. The text is true whether there is a hell or not. It is a law of nature. Sow a thought and you will reap an action. Sow an action and you will reap a habit. Sow a habit and you will reap a character. Sow a character and you will reap a destiny.

The parents are sowing and the children are reaping the harvest. No matter what you sow you will reap just what you sow. If you sow wheat you will reap wheat, if you sow tares you will reap tares. If you parents sow whiskey you will reap drunkards. If you sow cards you will reap gamblers.

At the present hour we are wondering why our soil is red with the blood of her murdered sons. The answer is, we are reaping just what we have sown. Only a few days ago young William Edward Hickman shocked the nation by committing one of the most diabolical crimes on the pages of history.

Sow the country down with Modernism, Evolution, and teach man that he is only a bundle of characteristics inherited from brute ancestors (and that sin is only the ape in man) and he will act like a brute. There are approximately 118,000 crimson handed men and women in our country who have unlawfully taken human life at large, unpunished and unafraid.

In this mad age of unrest, when nation is rising up against nation we are wondering what the trouble is. We are reaping what we have sown. If we sow war, psychology, we can hope to reap no other product except war. For whatsoever a man soweth that shall he also reap.

Thoughts and action are seeds sown into our hearts. Unclean thoughts and unexpressed morbid desires lead finally to a vintage far from desirable. Wholesome thoughts, high and noble deeds and kind words bring forth vintage very much to be desired. We reap whatever we sow. WE CARRY OUR PAST WITH US WHEREVER WE GO! The criminal carries his prison record with him throughout the remainder of his life. But as a rose carries its fragrance so does the good man carry with him his beautiful past. The past is to the former a bane but to the latter a blessing. How much we need the blessed Christ to redeem us and help us to sow the good seed every day. At the break of each day say to yourself, "I am the sower going forth to sow." —Rev. Fleetwood Rogers, Murray, Ky.

COURIER-JOURNAL ANNOUNCES FIFTH BEE FOR SPELLERS

\$500 in Cash Prizes Will Be Awarded in Contest Held by The Courier-Journal.

(By The Spelling Bee Editor)
Calloway County is not among the 67 counties which have enrolled in The Courier-Journal's fifth annual State Spelling Bee.

The Courier-Journal is offering \$500 in cash prizes for the Bee. The prize list has been rearranged this year, so that more contestants will share in the awards. The winner of the State Bee will get a free trip to Washington, where he or she may compete in the National Spelling Bee, in which \$2,500 are offered. The runner-up in the State Bee will be awarded \$100. Third prize is \$75; fourth, \$50; fifth, \$35; sixth, \$25; seventh, \$15; eighth, \$10; ninth, \$5; tenth, \$3; eleventh, \$2; twelfth, \$1. Every county champion who participates in

the State match and does not receive a cash prize will be awarded a dictionary.

The State Spelling Bee has been set for Wednesday, April 17, at the convention in Louisville. The K. E. A. endorses the Spelling Bee as a highly beneficial educational project.

Kentucky has won the first four national championships in the first four national matches. Frank Neuhauser of Louisville finished first in 1925, and Miss Pauline Bell of Grayson County won the championship in 1926. Each

received \$1,000 in cash as their awards. The Washington trip includes sightseeing trips and a visit to the President, who receives the spellers each year.

No county has ever produced more than one champion. Miss Margaret Ross of Graves County was state champion in 1927 and 1928. McCracken County produced the champion, Hub Wicker and four members of his family, in 1929.

when Mary Frances Gregory of Paducah, won the State contest.

Approximately 300,000 children in Kentucky were represented in the 1928 State Bee, and 400 in their county champions.

MANY PROBLEMS TO BE CONSIDERED AT FARM CONVENTION

Wide Variety of Subjects up for Discussion at Meeting at State University

Lexington, Ky., Jan. 22.—A wide variety of subjects affecting farm men and women and others interested in agriculture will be discussed at the seventeenth annual Farm and Home Convention to be held at the University of Kentucky Jan. 29-Feb. 1.

Soil fertility, stock raising, crop production, animal and plant diseases and pests, poultry raising, dairying, marketing, production and price trends, the agricultural outlook, and many other subjects will be discussed by prominent Kentucky farmers and specialists from this and other states.

The convention will open on Tuesday, Jan. 29, and continue through Friday, Feb. 1. Farmers and homemakers will hold separate sessions all four days, with a special program on two days for poultry raisers. All meetings will be in the livestock pavilion on the Experiment Station farm.

Special features of the week will be

\$617,551 PAID FOR MILK AT MAYFIELD

23,834,804 Pounds Received in 1928 by Pet Plant in Graves County

During the year 23,834,804 pounds of milk was received and the dairy farmers were paid a total of \$617,551.40. The pay checks amounting to approximately \$49,500 will be sent out Saturday as payment for milk received at the Mayfield branch of the Pet Milk Company during the month of December.

The condensary started operation here on May 26, 1927, with only 100 patrons and the first day's receipts totaled about 2,000 pounds. The largest single day's receipts for 1928 was 100,800 pounds. The average number of patrons per day for the past twelve months was 1,502, and they averaged 15,868 each for the year. The highest number of patrons sending milk at any one time during 1928 was 1,853.—Mayfield Messenger

Lynn Grove High News

School resumed work Monday morning after three weeks dismissal. We were to begin on Monday following Xmas week, but due to the fact that the flu was raging so terribly, and so many of the students and teachers were ill, the school was postponed until the next Monday, but at this time the epidemic was still at large, so it was again scheduled for this Monday.

The flu seems to be decreasing now, and it is not to our sorrow. Since our school has been closed the following teachers have been in bed with the flu: Miss Howard, Miss Clark, Mrs. Duen, Mrs. Warren, Miss Lawrence, and Mr. Jeffery, all but Miss Lawrence was able to return this morning and we are hoping she will soon be back with us.

As the bell rang this morning and the old work started again, there was more interest shown and a larger attendance than was anticipated. The estimated amount of attendance is as follows—High School, ninety percent, which was very much more than expected, however—the Primary grades were down to about fifty percent, the third and fourth about fifty percent and the 5th and 6th showed about sixty per cent attendance. We are expecting the remaining ten percent of the High School—students back by the last of this week or the first of next, while the smaller students are not expected to return for a week or so as the weather is too cold and bad for the ones that have been ill to venture out.

The students that are present seem to be jumping into their line of work with, as much if not more interest than displayed by them before Xmas. Lynn Grove plays a return game with Bandana here Friday night and the game is expected to be closely contested.

IN MEMORY

The death angel came in to our midst and took from us our dear loving uncle, Charles Tucker, he was born Dec. 23, 1869, departed this life January 1, 1929 age 59 years one week and two days.

Charles was married to Clara Whyte Oct. 22, to this union was born three children, two girls and one boy. All of whom are still living.

He professed faith in Christ at an early age and united with the Christian church at Friendship where he lived a constant member until his death.

Every thing was done that loving hands could do but God saw fit to take him to his Heavenly home.

Charles was a devoted companion, a loving father and a friend to all that knew him. There is many deeds of kindness left behind him never to be forgotten.

He leaves his wife, Clara, two daughters, Orrie Mae, Geneva Belle, one son, Artell, also an aged father, one sister, Mrs. Sonie Barland of this county, six brothers: Walter, Billie, Shurm, Claude of this county, Art of Ok, Hyman of Detroit, Mich., are left to mourn his death.

In the Friendship graveyard sleeping.

Where the flowers gently wave Lies the one we loved so dearly In his lonely little grave.

Peaceful be your sleep, dear Charles 'Tis sweet to breathe your name, In life we loved you dearly, In death we do the same.

Just a few days ago you left us How we miss you Charles, dear And recall a smiling face, Evelyn and Mildred.

Frank B. Kellogg was born in a small town, Potsdam, N. Y., in 1856. He had a common school education. He was admitted to the bar in 1877. He was the city attorney of Rochester, Minn., for three years and county attorney of Olmsted County for five years.

He moved to St. Paul, where he became a member of a law firm, and soon he was handling very important cases for the U. S. Government. From 1917 to 1923 he was a U. S. Senator from Minnesota. He held the post of Ambassador Extraordinary and Plenipotentiary to Great Britain in 1924.

In the cabinet of President Coolidge, he has been the Secretary of State. In this capacity began his earnest work for the establishment of world peace. Throughout his career he has been very active in many fields and he is everywhere admired and respected. His career has been extraordinary and could serve as an inspiration to American youth.

SPECIAL SESSION
TO MEET IN APRIL

Farm Relief and Tariff Expected
To Be Only Subjects of
Announcement Not Official.

Washington, Jan. 22.—President-elect Hoover's announcement that a special session of the new congress should be called about April 15.

While there has been no official announcement of the position of Mrs. Hoover in this regard, his views have been disclosed by those with whom he has discussed the question and they have been so positive in representing the attitude of the president-elect that a tentative legislative program for the proposed session already has been discussed.

Would Limit to Two Bills
Under this program, as outlined today by those who have been conferring with Mrs. Hoover, the legislative activities to be undertaken would be limited to farm relief and tariff revision both of which were promised by the next president during the campaign. The tariff revision would be in the shape of an amendment to the Fordney-McCumber act of 1922, and would cover both agricultural and industrial schedules.

With tariff hearings already in progress before the House ways and means committee, House leaders estimate that both pieces of legislation could be put through in time for an adjournment of the special session by the middle of July at the latest, but Senate Democrats might be able to upset that program by making a prolonged fight for a general downward revision of duties.

IN MEMORIAM

Parks Riley son of John and Ollie Riley was born March 5, 1923. Departed this life Nov. 4, 1928. Age 5 years, 7 months and 29 days.

He was a bright cheerful youth, always had a smile for everyone. Parks will be missed in his home, in school, and also by his Sunday School Class. But he that said, "Suffer little children to come unto me," doeth all things well, for He is too good to do wrong and too wise to make a mistake.

As the heaven is above the earth, so are his ways above our ways. We cannot understand why the journey of this life was so short, but may his going make heaven dearer, and nearer to each of the bereaved ones. For he has safely anchored on that blissful shore, where sickness, sorrow nor death shall be no more.—Written by his School Teacher, Mr. Garnet Morris.

Badly
Run-Down

"Six years ago, I was very much run-down," says Mrs. Olympia Knight of Lovett, Ga. "I did not sleep well, and was weak and restless. I dragged around the house with not enough strength to do my daily tasks. I worried a lot, and this disturbed state of mind reacted on my health. I had often read of Cardui, so I thought I would try it. I soon began to improve after I had taken Cardui for a while. It was astonishing how much I picked up. I slept better, my appetite improved, and that awful dragging-down feeling left me. I was so much better that I continued taking Cardui until I felt perfectly well. Cardui has been used by women for over 50 years. For sale by all druggists."

COWS AND MEN
WHAT NAME FOR HOOVER?

THE DUKE BROTHERS

Moosejaw, Saskatchewan, gave a dinner to Ben H. Thomson in honor of his Holstein-Friesian cow, Canary Cordyke. They both deserved. The Saskatchewan Government bought the cow for \$10,000.

Canary is world's champion in butter fat and gives enough milk in a day to last the average family a month. In 305 days, this wonder cow produced 4,850 pounds of butter and 26,396 pounds of milk.

Too bad there is no way of improving men's brains, as we improve cows' udders. Only time can do that, and time is slow. The average intelligence in the British House of Commons today, according to Lecky, is lower than the average of all the free men in Athens, 3,000 years ago. Science goes ahead, man stays about where he was, a little less brutal, a little less selfish.

If Americans call President Coolidge "the silent President," what will they call Mr. Hoover? He has been elected President of the United States, will begin his work in less than two months, has been in Washington several days at work. How much has he talked? Not at all.

Eight years more of business without conversation will suit this country very well. We have had, at various times, considerable periods of conversation without business.

Sometimes farmers succeed, but usually they must leave the farm to do it.

Benjamin N. Duke, who died yesterday morning in his Fifth Avenue house in New York, began as a farmer, working with his brother, James Duke, on their father's farm. They grew tobacco, started a small factory, introduced cigarette-making machinery, and made hundreds of millions. And farmers note this, they bossed the middle man instead of being bossed by him. Ask Mr. Hill of the American Tobacco Company or Mr. Belt of Lorillard's how that is done.

American farmers have their troubles, farmers in Japan have worse ones.

When our farmers complain Government at least MAKES PROMISES.

When thousands of Japanese peasants marched to expressed dissatisfaction, forty were shot dead and many wounded.

An intoxicated lady told the judge her trouble was due to an alcohol rab. She had swallowed nothing. Doctors said it was just possible, the judge excused her.

A gentleman, very drunk, led in by the policeman, told the judge, "My mistake was eating raisins while drinking ice cream soda." They let him go.

Prohibition develops new excuses.

CARD OF THANKS

STATE SUFFERS IN
BAD STORM FRIDAY

Louisville, Jan. 18.—Three men were drowned and least five others injured in Kentucky today by a wind and rain storm which swept the state, unroofing buildings and paralyzing wire and rail facilities for several hours.

Roy Luter, 21, and Clinton Mahoney, 24, lost their lives when the skiff in which they were crossing the Ohio river to their home in Milton, Ky., from Madison, Ind., was upset by the high wind.

William Thresher, 47, workman was blown from a bridge under construction across the Ohio river here and drowned before aid could reach him. Five employees were injured when the storm demolished a laundry at Elizabethtown, Ky., and caused damage estimated at several hundred thousand dollars.

More than a hundred roofs were torn from houses, street car service was discontinued and telephone and electric light wires were blown down in Louisville. More than \$100,000 damage had been done, according to estimates which were being augmented by reports of homes flooded by rain.

The Big Sandy News, of Louisa, says a cream purchasing station will probably be established in that city in the early future.

DISTRICT TOURNEY COMES HERE AGAIN

High School Boy and Girl Net Fives
To Commence Here
March 8 and 9.

Louisville, Jan. 18.—Regional scholastic basketball tournaments will be held March 8 and 9 at Murray Normal, Owensboro High, Horse Cave High, the University of Louisville, Georgetown High, Kavanaugh High, Eastern Normal and Ashland High. Ralph Hill, secretary of the board of athletic control of the Kentucky High School Athletic Association, announced tonight. The state tourney will be held at the University of Louisville March 14, 15 and 16. Location of 32 districts meets to be held March 1 and 2 will be voted on by member schools Hill announced.

The board of control asked all schools desiring regional meets to make their wishes known and Owensboro, Horse Cave, St. Xavier, Georgetown, Kavanaugh and Ashland replied. St. Xavier later made the additional selections.

Teams entering after January 15 will be ineligible for the tourneys, Hill said. Of the 452 schools in the association, all but ten or twelve will

have both boys' and girls' teams this season which means that nearly a thousand students now are preparing for the eliminations in March.

LaCENTER TO CLASH WITH LYNN GROVE FRIDAY NIGHT

Lynn Grove, Ky., Jan. 22nd (Special)—The basketball teams of Lynn Grove and LaCenter, two rival teams in the 1928-29 season, will meet in a great clash here Friday night. Both teams have, this year, won about the same percentage of their games played, LaCenter probably having the higher record.

As a usual thing in the games of previous the team whose floor the game was played on were the winners, and Lynn Grove is going to try to make the same thing remain true Friday night, while LaCenter is going to put forth every effort to change this rule. This will be the first contest between the two teams this year and the game is expected to be closely contested and hard fought for.

The probable line-ups are as follows:

Lynn Grove	Pos.	LaCenter
Jones	F	Nave
Douglass	F	Meriweather
Pogue	C	Birney
Waldrop	G	Mitchell
Broach	G	Lovelace

Everybody come and see these two rival teams fight for the victory. The game will be called about 7:30.

"Kirksey Agricultural News Letter"

"Dairy Special"

After the month has elapsed since we issued our last letter. What have you done? Are you planning and arranging for your crop, or are you going to trust to luck?

Many of our farmers have attended dairy feeding schools. These schools have stimulated a great interest and as a result many farmers are feeding balanced rations. The department is ready at any time to assist in figuring out rations.

At this season of the year the roads are bad and many disappointments are in store for those selling milk. The roads will be better soon. Conditions in general will be better and the fellow who goes into dairying will soon have the farm on a paying basis. It seems to me that farming practices in Calloway are changing. In this change from the old routine of affairs I wonder if we can foresee some possible mistake and avoid them.

Some seemingly sensible farmers think that they need to do to make money is to buy a few cows, turn them in a weed field and they have a ready income the year around. We are thinking this fellow and his pseudo idea will not last for long.

Money can be made in dairying, but it is far from a "get rich quick enterprise." Dairying will pay off when we think of it as a farm enterprise and not as a job to do after night and after other farm work has been cared for. We should look ahead and plan a feeding and pasture program for our cows. Pasture should be made to mean more than an idle weed field. If you are selling milk and having trouble with your milk, you should talk with some one who has been more successful or has had more experience than you have had. The department will be glad to advise with any one in regard to cooling the milk.

How do you raise your calves? If you are raising a calf on whole milk that you would sell to the plant, the calf you are raising will consume from 30 to 40 dollars worth of milk by weaning time. If you don't think so do some figuring yourself. I have seen a few calves over the country that I wouldn't give \$30.00 for at weaning time. What are you going to do about it? You can do away with the calves and buy heifers back or find cheaper way to raise them.

I am sorry to announce to the farmers of Kirksey community that I am leaving you. I have always felt a keen interest in agriculture work. At this time I am going into milk plant work at McKenzie, Tenn. In leaving I want to thank everybody throughout the community for the many kindnesses shown me. I feel that my interest in you and your community will always remain alive. I am hoping and expecting a greater day for you in the future. I am asking that you do not lose faith in yourself as tillers of the soil. Because of the faith I have in the agricultural situation, I say to each of you, "plow on, plow on, and on." S. E. Wraether.

Woman Axe Slayer Is Sentenced to 18 Years

Wickliffe, Ky., Jan. 18.—Mrs. Lizzie Boudreaux was found guilty of voluntary manslaughter and sentenced to eighteen years in the penitentiary by a jury in Ballard county circuit court this morning at 10:45 o'clock. The confessed axe slayer of Mrs. Annie Thornton, 65 years old, was convicted after the jury had deliberated more than nine hours.

Mrs. Boudreaux, 40, a Paducah woman, was found guilty of slaying Mrs. Thornton with an axe in a woodshed in the rear of the Thornton home last November. The plea of the defense was temporary insanity, declaring that Mrs. Boudreaux acted on an uncontrollable impulse when the older woman defamed the character of herself and her mother.

Alpha Department Enjoys Session at Wells Hall

Miss Susan Potter, Miss Emma Helm, Mrs. W. W. McElrath and Mrs. Joe E. Parker were hosts to the Alpha Department at Wells Hall Saturday afternoon.

Mrs. Charles Hise gave "Craig's Wife," a drama in a very entertaining way. The play, written by the late Mrs. F. M. Wells, was excellently discussed by Mrs. R. T. Wells. The life of O. Henry was ably given by Mrs. W. J. Caplinger and an O. Henry short story "The Ransom of the Red Chief" was interestingly read by Mrs. H. H. Hise. Roll call was answered by the favorite short story of the members.

Mrs. Hugh McElrath, chairwoman of the department, presided over the brief business session. A delightful salad course was served by Mrs. Peffer and Miss Helm. Good attendance was recorded and there were several visitors.

The January program will be given Saturday February 2 at the home of Miss Nellie Wyman, in normal addition.

With Mrs. J. W. Coffey, Miss Bertie Manor and Mrs. G. C. Ashcraft assisting.

Chevrolet Plans Sales of 1,250,000 in 1929

Chevrolet Motor Company has established as its 1929 production quota 1,250,000 passenger car and truck units, according to J. K. Farmer who was in conference with factory and zone sales executives.

Mr. Farmer was enthusiastic in his comment on the meeting which drew into Louisville 500 dealers from Kentucky and Southern Indiana.

The dealers convened at the Knights of Columbus Auditorium Monday afternoon, where they witnessed the most unique sales meeting ever sponsored by any company in the industry.

Following the meeting there was a banquet at the Brown Hotel, featured by an elaborate display of entertainment.

At the afternoon meeting Mr. Farmer said, he heard from the lips of M. D. Douglas, Assistant Sales Manager, the most inspirational sales discussion he has ever heard since he entered the automobile business.

Mr. Douglas, according to Mr. Farmer, made the unqualified prediction that not only would Chevrolet build 1,250,000 automobiles during the present year, but that the cars would be sold quickly as they were produced.

Last year, according to Mr. Douglas, Chevrolet sustained its position as the world's largest automobile manufacturer with a production of 1,200,000 automobiles.

The Louisville gathering which Mr. Farmer attended is one of a series of 40 such meetings which Chevrolet is conducting throughout the country during the next six weeks.

IN MEMORY OF J. M. SEXTON

John M. Sexton, son of T. H. Sexton and Majella Weston Sexton was born in Stewart County Tennessee, July 15, 1837, and most of his long and useful life was spent in the neighborhood of his birth. He grew up in the pioneer days of West Tennessee and West Kentucky, and knew what it meant to take part in the shaping of the destiny of his country.

When the trouble arose between the North and South he joined the Confederate Army, serving his lot with his beloved South. When the conflict closed he was mustered out down the Mississippi and weary and foot sore he walked back to his former home, coming through Mayfield and Murray when Murray was only a village to try to build his future as best he might, after the devastating influences of the war were over.

He succeeded beyond most men thus placed. By diligent use of head, heart, and hands, he acquired a competency of this world's goods, working that his wife and children should know no want. He was married in Feb. 1864 to Miss Mary Francis Williams, and this union was blessed with nine children—only four of whom survive—Mrs. Vickie Martin, J. D. Sexton and Bert Sexton of Murray, Ky. and Mrs. Minnie Douglass of Lynn Grove, Ky.

He, with his wife moved to Murray some seven years ago. He was a loyal Mason, a splendid citizen, a devoted husband, a loving father, a true Christian, being a consistent member of the Southern Methodist church for over 50 years. He was not influenced or swayed by the passing fancies of the day, but firm of the ever lasting bills of his boyhood days, that he so loved, his life, his character, his influence, stood for all that was best in clean living and pure thinking. Quite, modest, unassuming, yet a very Gibraltar, where principle was involved, he fulfilled the scripture as recorded in Micah 6:8—"And what doth the Lord require of thee but to do justly, and to love mercy, and to walk humbly with thy God?"

Since the going away of the wife of his youth, life has never been the same for him. Together they had climbed the hill of life; sometimes rugged and steep, but always together they climbed, reached its summit, and then together they had made their way down its long, sunny western slope but last June her steps grew weary and she left him to continue the

journey alone. He has been lonely without her, yet he was sustained and comforted by the Christian's assurance of a better life in another world. That he possessed that inner spiritual consciousness, "That Light" that never was on land or sea," was apparent to all who knew him. He said, "I died well, leaving behind him the assurance that he was ready to go when the Master called."

After a short illness of pneumonia, the summons came to him. He was 91 years of age. He was a member of the church, corner of Fifth and Olive Streets, at 6:30 o'clock Sunday morning, Jan. 13, 1929, and he went home to the Eternal City leaving this world, fairer, richer, better, for his having lived in it.—Mrs. E. P. Phillips.
